ENVIRONMENTAL COMMITMENT PROPOSAL

At Prince's, we are first and foremost committed to being eco-friendly.
The following shows how serious we are when it comes to our planet's well-being.

COMPOSTING

- Turning extra plants and trimming into organic compost for soil enrichment.
- Reduce volume of landfill.

WATER PRACTICES

- Collecting run-off rain and irrigation water at our water reserve pond.
- Allow us to recycle and reuse water.

REDUCTION OF CHEMICALS

- 50% reduction of pesticide usage as we reduced the need to spray our plants with insecticides.

WATER MANAGEMENT

- Drip Irrigation System is used to reduce the amount of water run-off.
- Efficient in reducing overall water usage.

INNOVATIVE GROWING

- All landscape bedding plants are grown without plastic inserts.
- Reduce plastic and chemical waste.

UNDERSTANDING PLANT NEEDS

- Nutritional status of plants are checked to avoid over fertilising.
- Slow-release fertiliser is applied in adequate amounts.
